OVERVIEW

Christopher is a member of the Professional Liability Department where his practice is focused on insurance coverage and bad faith litigation. As an experienced litigator, he has developed a deep understanding of insurance policy and coverage issues arising from commercial, personal, and specialty property and casualty policies, professional liability policies, health/life policies and workers' compensation policies.

Prior to joining Marshall Dennehey, Christopher worked as a senior claims examiner where he dealt with coverage issues and the management of professional liability lawsuits with a focus on municipalities. This experience has provided Christopher with a unique perspective in understanding the tactics utilized by plaintiffs to leverage settlement issues both before and during litigation, as well as analyzing available coverage, responses to civil remedy notices, pre-suit investigations and coverage evaluations. Christopher also presents seminars to clients about issues in the insurance coverage and bad faith practice area.

In 2009 Christopher graduated from Penn State University, earning a Bachelor of Arts degree in English. He later attended Widener University School of Law where he earned his *juris doctor*, magna cum laude, in 2013.

During his time in law school, Christopher was a senior staff member of the Widener Law Journal, which published his survey analyzing a Pennsylvania Supreme Court administrative law decision in its Spring 2013 issue. Christopher also held an internship for the Pennsylvania Medical Care Availability and Reduction of Error Fund and clerked for the local staff defense counsel of a national insurance company.

Insurance Services – Coverage & Bad Faith Litigation

May 11, 2018

We secured the dismissal of a declaratory judgment action filed in federal court against a large insurer. This case arose from a motor vehicle accident that occurred in 2015. The plaintiff averred that she had sustained injuries in excess of the tortfeasor's bodily injury liability limits and sought stacked underinsured motorist (UIM) benefits. While the plaintiff had admittedly signed a rejection of UIM coverage form and a rejection of UIM coverage stacked limits form, she argued that her insurer had altered the statutorily required forms by adding additional language.
